

WONDERFIL®
SPECIALTY THREADS

THREAD BANK™

WILL MY THREAD FIT?

The Thread Bank™ is designed with moulded holders that are designed to hold WonderFil® spools, Mini King Cones, and Perle Cotton balls, while also accepting some other sizes. If you have a spool or cone you are unsure about, simply place it against this helpful guide.

Place your spool or cone against the measurement areas. Ensure the box to the left is 10MM with a ruler or other measuring aid to ensure accuracy.
